

BidWatch:

Let IN.gov provide you with the information you need to make quick, accurate decisions on when to place a bid with the state of Indiana. In the past, contractors had to search to place bids with the state. IN.gov has eliminated the searching by providing an e-mail service that will notify you of all bids that the state of Indiana makes available online through the Indiana Department of Transportation, Indiana Department of Administration, Department of Public Works, the Hoosier Lottery, and the State Armory Board. This service is only \$35 per month.
